License Provisions

A state hunting license is required for taking any bird or mammal. Hunters must carry licenses and be prepared to show them on request.

In addition to a hunting license, state and federal duck stamps are required to take migratory waterfowl; an upland game bird stamp is required to take band-tailed pigeon, chukar, pheasant, turkey, dove, snipe, grouse, ptarmigan and quail; and license tags are required for taking antelope, bear, bighorn sheep, bobcat, deer, elk and wild pig.

RESIDENCY REQUIREMENTS: A resident is defined as any person who has resided continuously in California for six months or more immediately prior to the date of application for a license; any person on active duty with the U.S. Armed Forces; or a Job Corps enrollee.

LICENSE REFUND POLICY: Refunds will not be issued for hunting licenses which are considered valid and in use from the date of purchase.

HUNTING LICENSE FEES

Includes 5% license agent handling fee.

*Required for hunters 16 years of age or over, available at U.S. Post Offices and DFG Offices.

**Not required for junior hunters.

***Valid only for resident and migratory game birds and small game.

Disabled Veteran Hunting Licenses

A reduced fee hunting license is available for qualified disabled veterans. To be eligible, applicants must submit: (1) a letter from the Veterans Administration verifying that the applicant has a 70 percent or greater service-connected disability and was honorably discharged from the United States armed forces; and (2) evidence of meeting California hunter

safety requirements. Applicants renewing this license may submit their reduced fee hunting license from the previous year as proof of meeting eligibility requirements. The reduced-fee provisions do not apply to hunting tags or species stamps. **Reduced fee hunting licenses are issued only through Department of Fish and Game offices.**

A number of state wildlife areas and national wildlife refuges have hunting blinds designed for use by mobility impaired hunters. A "mobility impaired hunter" is defined as a person who has been issued a Department of Motor Vehicles "Disabled Parking Placard Identification Card," or a "Disabled Person" or "Disabled Veteran" license plate.

Special access blind sites exist at the following areas:

National Wildlife Refuges: Sacramento, Delevan, Merced, Salton Sea.

State Wildlife Areas: Gray Lodge, Grizzly Island, Imperial, Mendota, Los

Banos, Shasta Valley, North Grasslands. Details regarding facilities at each location can be obtained by phoning the information number listed in this booklet for each area.

Reservation System

Reservations to hunt on specified State-controlled hunting areas are issued by drawing. Resident, junior and nonresident licensed hunters may apply. Hunters may apply as many times per season as desired but no more than once for each area for each shoot day. Application forms are available through DFG offices and license agents.

Each reservation assures entry to the area selected for the date issued. Except as noted below, a reservation shall assure entry for up to six persons including the person in whose name the reservation was issued. No more than two persons may be hunters who have adult licenses. Each person who is at least 18 years of age may be accompanied by up to two hunters holding junior licenses or two nonshooters or one of each.

Areas with reservation procedures that differ from those described above are Delevan; the Kesterson, Blue Goose and Freitas Units of the San Luis National Wildlife Refuge; Merced and Sacramento National Wildlife Refuges; the Wister Unit of the Imperial Wildlife Area; and the San Jacinto and Los Banos Wildlife Areas. For Zone 6 at Los Banos Wildlife Area, each reservation assures entry of up to three persons. For Zone 6J, each reservation assures entry of one adult and up to two junior hunters.

For the Sacramento and Delevan National Wildlife Refuges, each reservation assures entry for up to four individuals, whether adult hunters, junior hunters, or non-shooters. For the San Jacinto Wildlife Area, each reservation assures entry for no more than two adult and two junior hunters. For the Wister Unit of the Imperial Wildlife Area, each reservation assures entry for up to six people, but no more than four adult hunters

(see area information). For Merced National Wildlife Refuge, each reservation assures entry for up to two hunters in the duck blinds, or up to three hunters in the goose blinds. For the Kesterson and Blue Goose Units of the San Luis National Wildlife Refuge, each reservation assures entry of no more than three persons if three-person blinds are available, or two persons if two-person blinds are available. For the Freitas Units, (north and south), each reservation assures entry of one boat with up to four persons. ***Reservations are nontransferable, except at the discretion of the Department. Refunds will not be issued for emergency area closures due to unforeseen weather or other conditions.***

Numbered reservations will be honored in numerical order, starting at the time the check station opens.

How to Apply: Reservation applicants can purchase either a \$1.05 application card or a \$5.25 application card to apply for either 1 hunt day or 5 hunt days, or may apply for every available Saturday, Sunday and/or Wednesday by completing a season-long application card and returning it with appropriate payment to the License and Revenue Branch. To be included in the drawing, the completed application must be received at the Department's License and Revenue Branch, 3211 S Street, Sacramento, 95816, or at the address indicated on the application at least 17 days before the hunt date requested.

Hunting Area Permit/Passes

Except for persons hunting on most Type C areas [see subsection 551(q) for exceptions] or hunting under the authority of a junior

hunting license, all hunters using State-controlled hunting areas during the waterfowl season, either by reservation or on a first-come, first-served basis, must have one of the following permit/passes:

1-DAY PERMIT—Available at TYPE A checking stations only.

2-DAY PASS—Available in advance from designated license agents, DFG offices and TYPE A checking stations. For use on TYPE A areas only. May either be used by one person for any two hunt days or by two persons for the same hunt day.

TYPE A SEASON PASS—Available from designated license agents, DFG offices or at most TYPE A checking stations. This pass

is nontransferable and may only be used by the person whose name appears on the pass for any available hunt day on any TYPE A or TYPE B area.

TYPE B SEASON PASS—Available in advance from designated license agents and DFG offices. This nontransferable pass may only be used by the person whose name appears on the pass for any available hunt day on TYPE B areas only.

PREPAID PASSES ARE NOT RESERVATIONS. Unless accompanied by a reservation, pass holders are subject to availability of a place to hunt. To order a season pass by mail, use the application form on page 47.

TYPE C AREAS

No Permit/Pass Required for Most Areas

See sections 550 and 551 for a listing of the Type C areas; See subsection 551(q) for Type C areas where reservations or permits are required.

NOTE: Hunters should be aware that, if pheasant or goose hunt days occur during a period when duck season is closed, checking stations may open later than on duck hunt days. Specific information can be obtained through phone numbers listed for individual areas.

Wildlife AREAS

The California Department of Fish and Game maintains wildlife areas where public hunting is permitted in season. The areas were acquired by the State with funds provided by the Pittman-Robertson Act, the Wildlife Conservation Board and from the sale of State hunting licenses.

Each area has more than one purpose in the State's wildlife management program. Wildlife areas serve as feeding, nesting and resting areas; prevent possible damage to nearby agricultural crops; provide sanctuaries during hunting season; serve as hunting areas for licensed hunters; and provide areas for fishing and wildlife observation.

How to Obtain Information

For specific information, consult the Table of Contents on page 1 and headings throughout the booklet. General wildlife area information is found in the front portions of the booklet with more specific area information toward the back, listed alphabetically by Regions. If you still have questions after reading these regulations, contact the Department of Fish and Game at the numbers below. (b) Area Regulations:

(1) **Regional Manager's Authority:** The regional manager shall have the authority to regulate public use of State wildlife areas where such use is not provided for in these regulations or in sections 551 and 552 of this title.

(2) **Entry Restrictions.** The department may limit the number of persons entering any area listed in section 550 or 551 of this title during any period for safety reasons, to reduce crowding, to provide for the limited take of a species, or may close portions of areas or close areas entirely to public entry or to specific activities. No person shall enter an area that has been closed to the public, except by written permission of the regional manager. On wildlife areas where entry and exit sites are designated by the department, no person shall enter or leave except at designated sites.

(3) **Procedures for Issuing Entry Permits.** In the event that the department elects to limit the number of hunters, or other users, entry permits will be issued on a first-come, first-served basis, or by a drawing to be held at a designated department office. The department shall inform the commission in writing and the public via the news media of any implementation of the provisions of this subsection, when limits imposed under this subsection differ substantially for a specific area from the prior year. Such notification shall include: the State wildlife area affected, the time period, the reason for the limitation or closure, the number of entry permits to be issued, and the method of issuance.

(4) **Permit Requirements.** No person shall enter any State wildlife area or portion thereof where the department has limited public entry without a valid entry permit in their immediate possession. [See subsections 551(f), (g), and (h) for regulations regarding general requirements and costs for individual entry permits. See subsection 551(q) for entry permit requirements for specific areas.]

(5) **Use Permits for Organized Events.** Any person organizing an event or gathering to be conducted on a State wildlife area shall obtain a use permit from the appropriate regional manager. Such events or gatherings shall be compatible with wildlife area objectives.

(6) Motor Driven Vehicles.

(A) No person shall drive, operate, leave, place, or stop any motor driven vehicle or trailer on any State wildlife area except on public or established roads or on designated jeep trails and such other areas as designated

by the Department. No person shall park or leave any motor driven vehicle or trailer in any area where signs prohibiting parking are posted. The Department may designate the parking lot where a person must park a vehicle while on the wildlife area.

(B) No person shall drive a vehicle carelessly in willful disregard of the rights or safety of others, or without due caution or at a speed or in a manner likely to endanger any person, property, or wildlife.

(7) Signs, Traffic and Road Closures.

(A) Drivers of motor driven vehicles operated within the wildlife areas shall comply with the directions of traffic signs posted in the area by the department.

(B) No person shall damage, remove, or destroy any barrier, sign, signpost, or signboard on any wildlife area.

(8) Boats.

(A) The department may restrict the use and operation of boats on State wildlife areas, department administered national wildlife refuges, and State recreation areas to protect natural resources or provide for the orderly operation of hunting and fishing programs on these areas. Boating restrictions may include, but not be limited to, limiting boat speeds, limiting motor size and type, or prohibiting the use of motors. During the times waterfowl are present, the provisions of Section 251 of this Title will also apply.

(B) Except as prohibited in subsection 551(q), boats may be used under the following regulations on State wildlife areas, department administered national wildlife refuges, and State recreation areas.

1. When launch sites are designated by the department, all boats must be launched and removed from those sites.

2. All persons shall remove their boats from the waters when instructed to do so by an employee of the department.

3. The use of boats may be restricted to certain zones designated by the department.

4. Boat speed shall not exceed five miles per hour.

(9) Vandalism and Litter.

(A) No person shall tamper with, damage, or remove any property not his own when such property is located within a State wildlife area.

(B) No person shall leave, deposit, drop, bury, or scatter bottles, broken glass, feathers, hides, wastepaper, cans, sewage, or other rubbish in any State wildlife area except in a receptacle or area designated for that purpose, and no person shall import and deposit any rubbish or toxic substance into State wildlife areas from other places. Where no designated receptacles are provided, any refuse resulting from a person's use of the area must be removed from the area by such person.

(10) Trees and Minerals.

(A) No person shall dig up, cut, damage, or

remove from a wildlife area any trees, shrubs, vines, plants or wood, except that vegetation may be cut and used for the purpose of building blinds, unless otherwise directed by the area manager.

(B) No person shall dig up or remove any humus, soil, sand, gravel, or rock.

(11) Bottle and Artifact Collecting. No person shall collect or remove bottles or artifacts, or dig or otherwise disturb the soil to locate or remove bottles or artifacts, from any Wildlife Area.

(12) Camping and Unattended Personal Property. No person shall camp in any part of a State wildlife area except in areas designated by the department. (See subsection 551(q) for additional camping restrictions on specific areas). Camping on wildlife areas shall be limited to not more than seven consecutive days, and not more than 14 days total in any calendar year, except by written permission of the Regional Manager. Personal property may not be left on State wildlife areas for camping or other purposes, except at authorized locations. Decoys may not be left in the field overnight, except as provided in subsection 551(q). Any hunting blinds on wildlife areas shall be available on a first-come, first-served basis.

(13) Fires. From April 30 through October 30 on Type C areas, and during the entire year on Type A and B areas, no person shall build or maintain fires except in portable gas stoves or in fireplaces at sites developed by the department. No fire shall be left unattended and all fires shall be extinguished with water before leaving. (See subsection 551(q) for additional fire restrictions.)

(14) Use of Dogs and Field Trials. The department may prohibit or restrict the use of dogs on any State wildlife area [see subsection 551(q)]. Except as further prohibited in subsection 551(q), dogs are allowed only for hunting or when under immediate control. Dogs must be leashed at designated campsites and check station areas. Special permits are required for field trials. Dog training is allowed only in areas designated by the department.

(15) Pesticides Use. No person, other than authorized federal, state, or local employees conducting a pest control program approved by the department, shall apply any pesticide in any State wildlife area.

(16) Livestock. No person shall permit livestock, including but not limited to cattle, horses, sheep, goats, and hogs, to browse, graze, bed, cross, or otherwise trespass on any State wildlife area except under an authorized grazing permit issued by the department. The recreational use of horses is allowed, except as designated in subsection 551(q). Persons who fail to remove their livestock from any State

wildlife area within 48 hours after receiving official notice of trespass by the regional manager through certified mail, shall be in violation of this section.

(17) **Fish and Frogs.** Frogs may not be taken for commercial purposes [see subsection 551(q) for specific area regulations].

(18) **Hunting and Trapping.** Hunting and trapping shall be allowed on State wildlife areas during the regular open seasons subject to subsections 550(b)(19), 551(b), and 551(q), and such other area use regulations as specified by the regional manager.

(19) **Special Restrictions (Areas where hunting and possession of firearms and archery equipment is prohibited).**

No person, except authorized personnel, shall possess or discharge a firearm, bow and arrow, air or gas gun, spear gun, or other propulsive device of any kind in the following areas: Battle Creek, Crescent City Marsh, Elk Creek Wetlands, and Hill Slough wildlife areas; Cordelia Slough and Montezuma

Slough management units of Grizzly Island Wildlife Area; White Slough Unit of Napa-Sonoma Marshes Wildlife Area; and Day Island, Green Point, Novato Creek, Point Sonoma, and Rush Creek units of the Petaluma Marsh Wildlife Area.

(20) **Ejection.** The department may eject any person from a State wildlife area for violation of any of these rules or regulations or for disorderly conduct, intoxication, or when a department employee determines that the general safety or welfare of the area or persons thereon is endangered. The decision, in such respect, of any department employee assigned management or enforcement responsibilities for the area shall be final.

(21) **User Responsibility for Knowing Regulations.** All wildlife area users shall be responsible for area-specific regulations listed under subsection 551(q). Failure to comply with any of the area-specific regulations shall be a violation of this subsection.

(F) Clifton Court Forebay, Type C (Contra Costa County).

(b) Method of Take.

(1) Firearms and Archery Equipment, General: Except as otherwise provided, no person shall possess in the field or discharge a firearm, bow and arrow, air or gas gun, or other propulsive device of any kind on any wildlife area.

(2) Except as otherwise provided, no shotguns larger than twelve gauge and no rifles, pellet guns, combination rifle-shotguns, pistols, archery equipment, or revolvers shall be possessed in the field or discharged on any Type A or Type B areas. All legal firearms and archery equipment may be used on Type C areas unless prohibited (see subsection 551(q)).

(3) Shotgun shells shall not contain shot size larger than size BB in lead and size T in steel. On those areas where big game species may be hunted, shotguns with slugs may be used.

(4) At Grizzly Island Wildlife Area and on all national wildlife refuges listed in Section 552, only steel or other nontoxic shot approved by the U.S. Fish and Wildlife Service may be used or possessed in the field.

(5) Archery equipment shall not be used during the waterfowl and pheasant seasons on Type A and B areas, unless provided for in subsection 551(q).

(6) Loaded firearms, as defined in Section 2006 of the Fish and Game Code, are prohibited in the parking lots on all wildlife areas and on national wildlife refuges listed in Section 552.

(7) On Type C areas, raptors may be used to take legal game in accordance with general hunting regulations.

(8) On Type A and B state wildlife areas, raptors may be used to take legal game only from the first Saturday following the end of the general waterfowl season through the end of the falconry pheasant season. Raptors may be used only on Saturdays, Sundays, and Wednesdays.

(c) Nonhunting Uses of Firearms and Archery Equipment:

(1) Except at designated shooting sites or with a special permit, possession in the field and use of firearms and archery equipment is permitted only for the purpose of hunting on all wildlife areas and on national wildlife refuges listed in Section 552.

(2) No glass or porcelain targets shall be used on any wildlife area. Clay targets shall be used only at designated sites where their use is permitted.

(d) Hunting Days:

(1) Except as provided for in subsection 551(q), waterfowl may be taken on Type A and Type B areas only on Saturdays, Sundays, and Wednesdays.

(2) All Type A and Type B areas shall be closed to hunting on Christmas Day, except for the following Type B areas: Island Slough and Gold Hills units of Grizzly Island Wildlife Area. These areas will be open to hunting on Christmas Day when Christmas occurs on a Wednesday, Saturday, or Sunday.

(3) On Type C areas, hunting days shall be daily except as noted in subsections 551(b) and 551(q).

(e) Shooting Hours: Waterfowl: Except as provided for in subsection 551(q), shooting hours on all Type A and Type B areas shall be the legal waterfowl shooting hours as designated by the U.S. Fish and Wildlife Service. Other Species: Except as noted in subsection 551(q), other species may be taken

only during the hours designated for the taking of each species under the regulatory powers of the Fish and Game Commission or U.S. Fish and Wildlife Service.

(f) Requirements for Entry Permits and Trespass: No person shall enter upon any area listed in sections 550 or 551 of this Title where the department requires a valid daily entry permit without the required entry permit in their immediate possession, or unless otherwise authorized by the department. Entry must be made at locations designated by the department. Daily entry permits are required to hunt during the waterfowl and pheasant seasons on Type A and B areas. Daily entry permits also may be required at other times on Type A and B areas or on Type C areas (see subsection 551(q)).

(g) Season Pass, Two-day Pass, and Entry Permit Fees:

(1) To obtain a daily entry permit to hunt during the waterfowl and pheasant seasons on Type A areas, possession of a season pass, a two-day pass, or payment of a daily fee is required, except as provided in subsection 551(q).

(2) The base fee for a Type A season pass is \$75 and the base fee for a Type B season pass is \$25. These fees shall be adjusted annually, as required under Fish and Game Code Section 713. Holders of junior hunting licenses are exempt from these fees.

(3) On Type B areas during the waterfowl and pheasant seasons, a Type B season pass or a Type A season pass is required to obtain a daily entry permit for all hunting, unless otherwise provided in subsections 551(q) or 551(l)(3).

(4) The fee for a one-day entry permit is \$12 and the fee for a two-day pass is \$20. Holders of junior hunting licenses are exempt from these fees.

(5) At State recreation areas included in subsection 551(a)(4), the entry permit fee for hunting shall be the recreation area day-use fee.

(6) On Type C areas (all wildlife areas not listed as Type A, Type B, or State recreation areas in Section 551), no fees for hunting are required.

(7) On some areas (see subsection 551(q)), day use passes are required for all public access. Fees may be charged (see Fish and Game Code Section 1765).

(h) Issuance of One-day Entry Permits:

(1) Hunters with season passes shall not receive priority in the issuance of daily entry permits over hunters who do not have season passes.

(2) Holders of junior hunting licenses will be issued entry permits only when accompanied by a person at least 18 years old. A person who is at least 18 years old may be accompanied by

up to two junior hunters. On Type A and B areas, adults must accompany junior hunters in the field.

(3) Entry permits must be returned, as required by the Department, when departing the area. Hunters are required to report the number and species of all game taken, as required by the Department, before departing the area.

(4) No person shall apply for, obtain, use, or have in his or her possession while hunting, any one-day entry permit which has not been issued to that person by the department or which is a duplicate, forgery, or alteration of an official department form; or which has been obtained by use of a non-validated or fraudulent application or advance reservation form. Any person who violates this section shall be barred from all State-operated areas for the entire waterfowl season following the date of discovery of the violation by the department.

(5) Any person who violates regulations governing drawing procedures for hunting opportunities on State-operated areas, other than reservation drawings described in subsection 551(j), shall not be issued a permit for that day, or shall be ejected for that day if a permit has been issued, and shall be denied entry for the remainder of the season.

(i) Daily Entry Permit Revocations, Refusals, and Ejections: On Type A and Type B areas the department is authorized to refuse to issue a one-day entry permit to anyone and to revoke this permit and eject the holder forthwith from the area for disorderly conduct, intoxication, or for any other reason when it appears that the general safety or welfare of the area, or persons thereon, is endangered. Decision of the Department employee in charge of the area in such respect shall be final. Any person whose entry permit has been revoked shall not be entitled to hunt on any wildlife area during the current hunting year. Persons affected by this section may appeal such actions to the Commission.

(j) Reservations:

(1) Advance reservations for waterfowl and pheasant hunting will be available for certain areas as specified under subsections 551(q) and 552(a).

(2) Reservations shall be issued by drawing to licensed hunters as follows: Official applications shall be made available to the public through license agents and department offices. Applicants shall purchase either a \$1.05 application card or a \$5.25 application card and submit it to the Department's License and Revenue Branch at the address indicated on the application. Applicants may also apply for every available Saturday, Sunday, and/or Wednesday hunt date for one or more areas by completing a season-long application card and

returning it with the appropriate payment to the License and Revenue Branch. Applications must be received in the License and Revenue Branch office at least 17 days prior to the authorized shoot date on which the applicant wishes to hunt. Late, incomplete, or incorrect applications will not be included in the drawing.

(3) Multiple Applications:

(A) The applicant is limited to one application for each area for each authorized shoot date as specified under subsections 551(q) and 552(a), unless otherwise specified in subsection 551(q).

(B) The department may eliminate from any drawing all applications not in compliance with these regulations. Persons who submit more than one application for the same shoot date for the same area may be barred from hunting on State-operated areas for a period of one year following the date of discovery of the violation by the department. Any reservation issued to any person as a result of such improper submission, or to any person already barred from the State-operated areas, shall be void and of no force and effect.

(4) **Priorities:** Upon paying the appropriate fee for a one-day entry permit or presenting a two-day pass or the appropriate season pass, successful applicants shall be granted a one-day entry permit during the waterfowl or pheasant season, provided the reservation they present was issued by the Department in their name and for the area they are requesting to enter, at the appropriate checking station, on the hunt date and at least one and one-half hours before waterfowl shoot time, unless otherwise designated on the reservation itself or on information mailed with the reservation. For some areas, reservations will be numbered by the department in the order in which they are drawn. These reservations will be accepted at checking stations in that order, only if the reservation holder is present at the time the number is called.

(5) Except as provided for in subsections 551(j)(6) or 551(q), or Section 552, a reservation shall assure entry for up to six persons. No more than two may be hunters who have adult licenses. (An adult license is that license required of hunters who are 16 years old or older at the time they purchase the license.) Each person who is at least 18 years old may be accompanied by up to two hunters holding junior licenses or two nonshooters irrespective of age, or one of each. Nonshooters are defined as persons who wish to accompany a permittee in the field or remain at a designated parking space. Nonshooters shall not discharge or possess a firearm on the area.

(6) If hunting a special blind area, a

reservation will assure entry of no more persons (adult hunters, junior hunters, and/or nonshooters) than will fill the blind.

(7) Unless otherwise provided for in this section, the advance reservation system only serves to assure entry onto the area and does not necessarily constitute a method for prioritization over other users.

(k) Deferred Openings: When the department considers such deferment desirable to protect agricultural crops from waterfowl, it is hereby authorized and directed to defer opening to public access any area until in the opinion of the Department the danger of crop damage in the immediate region is abated.

(l) Species Allowed:

(1) On Type A and Type B areas, only ducks, geese, coots, moorhens, and snipe which are then in season may be legally taken by permittees on designated shooting days during the open waterfowl hunting season; unless otherwise provided under this section or Section 552 of these regulations.

(2) Pheasant Hunting: Pheasant hunting shall be permitted as provided for in subsection 551(q) and Section 552. The regional manager may authorize junior pheasant hunts during or outside the general pheasant season.

(3) Hunting on Type C areas General: Except as provided for in subsection 551(q), hunting is permitted for each authorized species allowed to be hunted on each area,

during the open season of that species.

(m) Assigned Hunting Zones: In order to assure proper hunter dispersal and to promote safety, the Department may subdivide the open hunting portion of any Type A or Type B area into zones and assign hunters to these zones or designate where hunters shall park.

(n) Posting Closed Areas: Any portion of any State wildlife area and any adjoining lands under control of the Department, may be closed to hunting or public access by the Department by posting such lands with signs at least five (5) to the mile.

(o) Penalties: Failure to comply with regulations contained in sections 550, 551, or 552 may result in any or all of the following:

(1) denial of permission to enter a State-operated area; and/or

(2) revocation of any permit already issued; and/or

(3) ejection from the area; and/or

(4) citation under the provisions of the Fish and Game Code or Title 14 of the California Code of Regulations. A proceeding under (1), (2), (3) or (4) will not preclude the invocation of any other remedy.

(p) Enforcement of Regulations: These regulations shall be incorporated by reference into and become a part of all permits.
